Your accounts that may be considered negative

The most common items in this section are late payments, accounts that have been charged off or sent to collection, and bankruptcies. It also may contain items that are not necessarily negative, but that a potential creditor might want to review more closely, such as an account that has been settled or transferred. This information is generally removed seven years from the initial missed payment that led to the delinquency. Missed payments may remain on the credit report for up to seven years. Chapters 7, 11 and 12 bankruptcies may remain on the credit report for up to 10 years. Transferred accounts that have not been past due remain up to 10 years after the date the account was transferred.
